Hey Stephanie,

Greetings from our makeshift standing desk of way too many boxes and books stacked on top of one another. 🙄

Summer is here, and we're comin' in hot with another edition of **Beauty School**. This month, we're giving you the 411 on all things sustainable beauty.

Sip that iced coffee and scroll on to learn more about why sustainable beauty is so important to us.

Team Love, Indie B.

A Sustainable Summer

Summer Solstice

Although we highly recommend wearing sunscreen before applying foundation, you can also invest in foundations with zinc oxide in them for days when you accidentally forget that sunscreen.
